Farmers' Convention Decide to Try for a Compulsory Wheat Board

Everything possible will be done this year to establish a compulsory wheat board for the handling of the 1923 crop in Alberta, so said the Farmers in Convention in Calgary last Tuesday. They also decided to act with the other Prairie Provinces.

Premier Greenfield made it plain, to the convention, however, that "he was opposed to the compulsory wheat board as a permanent policy, and believed that the problem of marketing of grain, and also of livestock, would be solved by some plan of voluntary co-operation." But of course many hundreds of Farmers know their only Salvation is in having a Permanent Wheat Board

Later on, the convention passed a resolution favoring an all Alberta wheat board, for the marketing of wheat from this province via the Pacific port, should the wheat board first proposed fail of operation

The Western Grain Route

Through the Demands of the Farmers themselves they caused general approval of the western route for Alberta grain by the Alberta Government, following a conference held recently by Hon J. Oliver, Premier of B.C. with the members of Alberta cabinet. Further than expressing its general approval, however, no action has been taken by the government, although the matter of reduction of freight rates has been discussed

Freight Rates on Coal

During the visit of Sir Henry Thornton, President of the Canadian National Railways, the past week, to the province, a delegation headed by Howard Stutchbury, Trade Commissioner of the province and A. Chard, Freight Traffic Supervisor, waited upon Sir Henry to discuss the matter of securing a reduction in coal rates for trainload lots for Eastern Canada. Mr. Chard believed that coal in trainload lots could be handled at about half the present rate to the east, since there was a demand for coal there. Mr. Stutchbury gave Sir Henry some very interesting figures as to the possibilities of the coal industry of Alberta

FARMERS FIND THAT TO RUN A PAPER COSTS BIG MONEY \$1000 A MONTH

Delegates Refuse to Endorse Plan to Issue Weekly

United Farmers of Alberta by a vote of ten to one turned down a proposal to issue "The U. F. A." official newspaper of the organization established by vote of the convention last year, weekly instead of fortnightly as at present, at the convention Thursday morning

The vote showed that the delegates were not in accord with any proposal which would increase the amount of money required to carry on the publication. Last year, \$10,000 out of general revenue funds collected in fees were required to issue the paper for less than ten months and the delegates declared that the organization had no money to spare for such purposes. Some of the delegates declared that no one read the paper anyway and some others said that it exercised an educational influence

A vote was strongly in favor of the paper to carry articles on sociologic history, and co-operative marketing, but when it came to a question of adding four more pages at \$50 per page per issue in order to provide for an open forum, the convention split and it was turned down

Sugar Beet Industry

Residents of the Raymond district and other irrigated districts in the south of the province are making an effort to revive the sugar beet industry

Immigration

Hon. R.G. Reid, minister of health and municipal affairs, returned the past week from Ottawa, where he attended the conference of dominion and provincial cabinet ministers on the problem of immigration. Mr. Reid made it plain to the conference that Alberta was not in a position to encourage any wholesale immigration at the present time, but was prepared to absorb new settlers who had sufficient capital to establish themselves. He also pointed out that the province was seeking irrigation farmers particularly for the new irrigation districts being opened up in the south

Clerk of House ill

For the first time in 17 years that he has been clerk of the legislature, John R. Cowell will be unable to attend the opening of this session, being detained at the coast on account of illness. He expects to be in attendance later

Foster says look-out for Cold Weather last of January and most of February

Foster the Weather Prophet says that we are going to get some extremely Cold and Bitter Winter weather very soon and especially towards the end of January and a good part of February

So be Wise and get in all the COAL you will possibly need and get it while the Roads are Good

This is our sincere advice to You

MORTGAGE SALE

Pursuant to the Order of His Honour Judge Jackson, Lord Judge of the Supreme Court of the Judicial District of Lethbridge, Sub-Judicial District of Taber, made this 18th, day of January A.D. 1923, in a certain action wherein Hugh McCarten is Plaintiff and Benjamin Franklin Sewell is Defendant, the following lands in the Province of Alberta, namely: The East half of Section three (3) in Township Eight (8) Range Ten (10) West of the Fourth Meridian containing together Three Hundred and Twenty one (221) acres more or less RESERVING to the Crown all Mines and Minerals will be sold at Public Auction on Saturday the Tenth day of February A.D. 1923, at the hour of Eleven o'clock in the forenoon at the Myrtle Hotel in the Town of Bow Island in the Province of Alberta.

FIRSTLY: The sale is subject to reserve bid which has been filed by the Court.

SECONDLY: The land will be sold on terms of 20% cash at the time of sale and balance within sixty days and further terms and conditions of sale will be made known at the time of sale or can be ascertained from the undersigned solicitors or from the Auctioneer.

Dated at the Town of Taber in the Province of Alberta this 18th, day of January A.D. 1923.

Prosser and Lyons of Taber, Alberta, Solicitors for the Plaintiff.

F. W. Taylor, Bow Island, Alberta, Auctioneer.

English Vicar

Talks With Dead

Rev. C. Vale Owen, Church of England clergyman and recently the vicar of Exford, Lancashire whose revelations from the spirit world have attracted much attention abroad, is short-ly to visit Canada and the United States. He has a world wide reputation among scholars according to despatches reaching this continent, and is an authority on psychology and spiritualism. Sir Arthur Conan Doyle considers him "an inspired or God-guided man".

Bow Island News

The wedding took place at the United Manse at Taber on Wednesday last, the Rev. A. J. Mitchell performing the ceremony of Mate Hord to Lloyd Garrison both of Bow Island. The sister of the bride was present at the ceremony and the bridal party went to Lethbridge for the honeymoon. Mr. Garrison is a C. P. R. fireman and expects they will make their home permanently there before long.

The L.O.R.A. Lodge met in the I.O.O.F. Hall on Tuesday evening, for the installation of officers, the following were elected for the year, Mrs. Hobson W.M. Mrs. Carlson D.M. Mrs. Pollitt Chaplain Mr. Pollitt P.M. Mrs. Hurlbut Treasurer. Mrs. Kuntz G.C. Mrs. Blaine D.C. Mrs. Empson Secretary. Mr. Egan Sr. G. Alfred Egan O.S.G. Mrs. West P.W.M. After the business was over a very nice lunch was served by Mrs. Pollitt and Mrs. Empson.

Mrs. Ryan with her Marjorie and Pearl are visiting with friends in town.

QUEBEC IN WINTER TIME

(1)—The Chateau Frontenac stands out clearly over Old Quebec. (2)—The Chateau sits on a hill overlooking the city. (3)—A sleighing is a popular sport at Quebec. (4)—Sleighing past the Chateau is a popular sport at Quebec.

OVER all the world there is no other place like Quebec, its beauty and its old-world charm have made it famous everywhere. Three hundred years have passed since first it began to be, and each one of those years has left its mark upon the town until it has become a storehouse of Canadian history. It is a place for all the world to visit and yet it is, perhaps, less well known in Canada than it is to Americans who every year come north to see it when summer suns bring its hold outlines, or when winter mists cover the lofty citadel and the town's many spires. It is in winter that Quebec is at its best. At no other time is so characteristically Canadian, so typically French and it is in winter that Quebec most enthusiastically throws open its doors to invite the world to see how joyously splendid winter in Canada can be.

Sitting high upon the famous rock overlooking the wide sweep of the Laurentian Hills the Chateau Frontenac, in the terrace and along to the main

entrance of the Chateau, and night after night it is crowded with happy parties of foreigners. The sleighing runs on so merrily with its warm dress in a room is a constant source of delight to guests and not a few of the men have already been the winter's program of curling on the covered rink. The snowshoe and skiing clubs of the city have their program of events well under way, and there are endless opportunities for the guests to participate in these winter sports. Snowshoeing, sleighing, skating and sleigh driving are daily occurrences and these are organized under the direction of a sports-master whose business it is to see that visitors to the city have every opportunity of taking an active part in the sports. It is to these "Carletons" that you are invited to see the city of the winter. FOR THE PRINCE OF WALES' RANCH.

HERE'S the grand champion Shropshire ram brought for \$500 by the Prince of Wales at the recent International Live Stock Exposition, Chicago, for the "E. P. Ranch" covering about 1000 acres in Alberta, Canada, 60 miles south of Calgary, owned by the Prince of Wales, and which will be the future home of the great Shropshire sire. The Prince signs himself

"E. P." meaning "Edward Prince" and when he bought the ranch during his tour of Canada he rode the range of his granite "domain" beyond the sea, with the Alberta cowboys and decided that his proper moniker was "E. P. Ranch." Since then the Prince has sent a large flock of Shropshire sheep, Dartmoor ponies, thoroughbred fillies descended from Ormonde, St. Simon and Bend Or and short-horn bulls

and cows from his Cornwall, England, stock farm to the Alberta ranch. The purchase of the Shropshire grand champion was made by the Prince's representative, Prof. W. L. Carleton, of Calgary, who exhibited the Chicago Exposition in quest of the best Shropshire ram exhibited. This ram, which weighs 250 pounds, was exhibited by J. C. Andrews, West Point, Ind., a director of the International.

Wm. Irvine Scores Immigration Policy

Criticism of the Canadian immigration policy was levelled by William Irvine, M. P. in his address before the Calgary Forum lately. He declared that the policy was an imperialistic device designed to relieve the congested population of Great Britain and was left of benefit to the Railroads and Land Owners of Canada.

Continuing, he said, that the policy would not be of any great benefit to Britain. "How can the movement of a few hundred thousand penniless people at the expense of the already debt burdened nation solve the industrial problem of any community?" he asked.

On the other hand, Canada would reduce her national debt per capita. Give Profits to the Land Companies and the Railways and at the Same Time Increase Unemployment and Poverty among the Working People here

Burdett News

From our own Correspondent

Mr. Jas. Nicol of Nemiskam, is the guest of his son, while he is looking after his business interests in these parts

Mrs. Tom Hopkins who left a couple of weeks ago, for Edmonton, to visit with her parents, writes that on her arrival in Edmonton her second son was whisked off to the Isolation Hospital with scarlet fever, then the eldest and now the baby, it is a slight form of the disease and there is little danger, only an inconvenience to Mrs. Hopkins who will have to delay her return till some time in March. Tom has the sympathy of the community as, in the meantime he has to exist by his own culinary efforts

Mrs. Jas. Neil, who went to Medicine Hat Hospital to undergo an operation, has been reported as having come through the operation successfully and is feeling as well as can be expected

The Annual Meeting of the Burdett Consolidated S.D. No. 23 was held at the School house on Sat. Jan. 20th. Trustees for East Burdett to be elected. There were very few of the ratepayers present, which goes to show that they are content with the way things are being run; and have nothing to "kick" about. Mr. Carl Kumlin was re-elected and Dr. McPhail was asked to continue as chairman of the board, also the Sec. Treas. Mr. F. A. Lumbard was re-elected for the year 1923

The question of moving the Rockford school and old Burdett school was brought up, but was left to the discretion of the board to do as they thought best in the matter

On account of the Pictures being shown on Friday night, choir practice was held on Wednesday evening at Mrs. G. H. Johnston's

We are pleased to see the Rev. Johnson about again, although he is walking very carefully. We hope he will soon be fully restored to health again, as ill or well he is bound to work

Word has been received from Bobbie Burns and Ben Arling from Rio de Janeiro, S.A. that they arrived safely and have had a very enjoyable trip. They are to continue their trip to Buenos Aires

Burdett News

A bit of belated news has just come to the ears of your correspondent which we think will be of general interest, that is, the marriage of Mr. Leonard Kamp to Miss Annie Stewart which took place before Xmas, while lived for a time in Burdett and is well known and well thought of, while her husband who is a Dutchman from Holland, is a man of good character and startling worth. The best wishes of the community goes out to them

Don't forget the picture slide of "Canada from coast to coast" which will be shown in the Theatre on Friday night, followed by a dance

Mr. Jas. Minty, who has been in the Hospital for some time, is reported as holding his own, but not improving as fast as his friends could wish

The School Trustees of the Brownvale S.D. put on a very successful dance on Friday Jan. 19th. the proceeds to buy school supplies, according to reports it was not only the young people who enjoyed themselves, it is so seldom that the middle aged people get the opportunity to dance the dances of "long ago" that it is remarkable, and small wonder that they enjoy it

Mrs. Carl Lindwall, who has been suffering with her head and eyes for many months and failing to get relief in Alberta, left January 17th. to consult the Mayo Brothers at Rochester Minn

Mrs. Ernest Jubb, who went to the Hospital with blood poisoning in her hand, is doing as well as possible

Mr. Sam Hazel Jr. has joined the rank of the Benedictines, phoning from Lethbridge for someone to meet him at the Station as he was bringing his wife with him. Best wishes to you

Miss Eliza Jubb has accepted a position with Lawyer Frowie in Taber for a time, leaving Burdett last Monday

Mr. and Mrs. A. C. Schultz paid a flying visit to Medicine Hat for medical and dental advice

At the annual meeting of the Highfield S.D. Mr. Dykema, who had acted as Sec. Treas. retired and was succeeded by A. C. Schultz who will act as Sec. Treas. for that district in the future

"The Mystery of Two Millions"

London, — The Freeman's Journal of Dublin, Ireland, in Friday's issue devotes a long article to Canada's census, entitled "The Mystery of Two Millions." "Natural increase without Immigration should have brought the population up to Eight and a Half Millions," it says, "and Immigration should have added at least Two Millions more to the population of Canada, which should therefore be over Ten and a Half Millions

"The explanation of the emigration across the border to the United States is only conjecture for there is no record of it except the Enormous Decrease in the census

"But it is an Extraordinary comment on the proposals to increase the Population of Canada by promoting Emigration from Europe, that Immigrants should be fleeing from the Dominion, taking with them Fifteen per cent of the Old Population with them. This amazing Reduction in Canadian population should convince the people of Ireland that they are Better off at Home than they can be under any Scheme of Artificial Immigration."
